Eleanor,

Thank you very much for your effort! If you are ever in Dallas, let me know, I'll buy you lunch.

Subject: F0074-McKinney Metals

David:
So I have researched ~60 available TCEQ records for McKinney Metals looking for any link to FJ Doyle (receipts, statements, etc.) but could not find anything.

I've attached some of the earlier records associated with the TCEQ Enforcement-related matters (and EPA TSCA NOH). There is mention of other companies involved tied to the McKinney property (Ferrex Corporation, Phoenix Metals).
